

Why should you choose

?

More than 30 years of expertise!

More than 30 years of experience in the design, integration and development of intralogistics solutions in sectors such as retail, food, automotive, industry, textiles and e-commerce. We put our experience at the service of intralogistics and the productivity and success of your company.

We are integrators of all types of solutions!

Our strength is our ability to integrate the solution that perfectly meets your requirements. We select the best partners and the latest technologies on the market to offer you tailor-made solutions at the cutting edge of innovation. In addition, our own products are among the best in the industry.

Over 200 installations across Europe!

We are active throughout Europe, with strong partnerships in France, Germany, the United Kingdom, Belgium and many other countries.

Our Lifetimes Services!

Transitic supports you from the very beginning and throughout the lifetime of your systems with Lifetime Services that allow you to adapt, modernize and expand your installations to meet your changing needs and objectives. Our retrofits contribute to the sustainability and success of your business.

Our teams of experts!

Our teams consist of experts in the fields of mechanics, automation, software and industrial electricians. They all have extensive experience in the industry and are available to our customers anywhere and at any time as contacts and with pragmatic solutions.
